**Title:** Mastermind
**Team:** Rachel Lewis, Thomas Trieu, Timothy Romanowski, Sonia Szeton
**Project Tracker:** https://trello.com/mastermind46

**Video:** https://youtu.be/43ymW7dn2lM
**VCS:** https://github.com/Arcohe/3308Mastermind

**Contributions:**
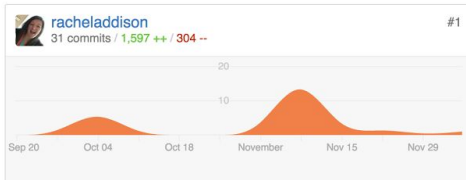

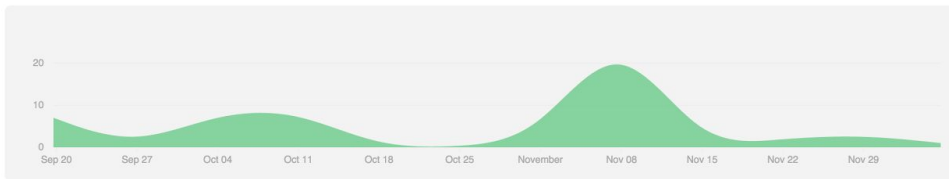

**Deployment:** This project needs to be run using Python 3. Download all of the files in the GitHub repository and in the directory give the command "python3 gameboard.py". This will start the game so the user can play.

**Auto-doc:** We used Sphynx for auto documentation. All of the files having to do with the auto documenting are in the GitHub repository of the project.
